Speaker Planned For Meeting Of C. of C. Aug. 14

No Reply Yet From Navy On Requested Shore Patrol

A talk by a representative from the San Diego Chamber of Commerce is planned for the August meeting of the Ocean Beach Chamber of Commerce, to be held at the Woman's clubhouse Tuesday evening, Aug. 14, at 8:15 o'clock. Subject will be of particular interest to Ocean Beach and likely on the relationship and further possibilities for close cooperation between these two civic groups.

Minutes of the Aug. 6 meeting of the local board of directors are to be read and there will be opportunity for discussion on action taken by the board, according to Secretary Forest Whedon.

At the directors meeting, additions were made to Chamber of Commerce committees. Richard Hilmen and F. F. Swan were added to the coordinating committee.

A program committee consisting of Don Thomson, chairman, and Gordon Schneider and F. F. Swan as members was named. President J. R. Lownes also appointed R. E. Reed as one of the two representatives of the local group on the Community-Civic committee.

Status of the city's business district zoning for Ocean Beach was discussed and decision reached to have the post-war planning committee study the matter and make recommendations.

Secretary Whedon read several communications, one of which was from Police Chief Clifford E. Peterson, in which the chief stated that he was "in agreement that more adequate shore patrol coverage is desirable for Ocean Beach, and in the event I am contacted on the matter, I will most certainly support your views. Your communication has been referred to Lieut. Bruce Weston, who will do everything possible to cooperate with your organization in the solution of mutual problems."

Evidently Chief Peterson will act as soon as he is contacted by the commandant of the 11th Naval District. The Chamber of Commerce had taken the matter up directly with the commandant on July 25, submitting to him a petition for restoration of the shore patrol to this community, signed by numerous Ocean Beach business men, but thus far has not received a reply from Navy's local headquarters.

Local Artist's Paintings Of Ocean Beach On Display

Mrs. Thelma Underhill, a resident of Ocean Beach for several years, is exhibiting two of her paintings at the Village School of Art. She says she delights in putting on canvas the many charming views and vistas we have here in Ocean Beach. Her canvases reflect a good sense of color, good draftsmanship and a fine pictorial sense. She has the happy knack of seeing a thing of beauty in an everyday scene such as she has portrayed in her canvases of the Bait House near Mission Bay Bridge. Spectators, after seeing her portrayal of the Bait House, exclaim with enthusiasm, "Why, I've been buying bait there for years but have never realized it is so picturesque!"

Another of Mrs. Underhill's paintings is a scene of Sunset Cliffs. When the Congressional Beach Erosion committee inspected the cliffs a few weeks ago Mrs. Underhill was painting this subject with the Landscape and Marine class of the Village School of Art and attracted favorable comment from the visiting congressmen.

The two canvases are being shown at the Village School of Art, 5172 West Point Loma Blvd., located on the south end of the pier at Hotel Ocean Village. They will be on view for the next 10 days and visitors are welcome to view these two remarkable paintings. In the words of one of the instructors at the Village School of Art, "Ocean Beach and also San Diego will one day be proud of Thelma Underhill."

Business Men To Plan For Closing Of Stores Here

New Bomb And Reds Entry May Mean War's End Soon

Now that the war with the Japs may end suddenly and soon account of the use of the new atomic bomb destruction on the Jap homeland and the entry by Russia into the war, Ocean Beach business men are beginning to plan for their part in the celebration that will mark V-J day here.

President J. R. Lownes of the Chamber of Commerce announced Thursday that he had decided to close both his stores here for the day of the celebration. Indications are that the local stores generally also will close.

Police Chief Clifford Peterson has announced that plans have been completed for using a large number of extra policemen to see that the celebration does not get out of hand.

In the announcement by President Truman Monday of the first atomic bomb dropped on Japan, and his announcement Wednesday that Russia had declared war on the Japs, this week has provided two of the greatest news items of the war.

Nels Boner, 65, Has Unusual Experience

Nels Boner, 65, who lives at Hotel Ocean Village, 5172 West Pt. Loma Blvd., had the unusual experience Sunday afternoon of being stuck in the mud of Mission bay near the old street railway right of way. He was missing from his room at the hotel for more than 14 hours.

Police Lifeguards Lou Fleetwood, Joe Fischer and Dale Shop rescued him and he was taken to the county hospital where he is reported to be in a serious condition from exhaustion, exposure and sunburn.

According to report by Fleetwood, Boner evidently had been up to his neck in the water and mud during two high tides and was stuck so securely in the mud that he was unable to extricate himself. His clothing was wet up to his neck, the lifeguard reported. Fleetwood figures that Boner had walked out on the old street car right of way and had made the mistake of thinking that the mud flats would support his weight.

KELMAC ELECTRICAL SHOP

FIRST BUILDING UNDER

MISSION BAY PROJECT

With the opening of the KelMac Electrical shop, on or about Aug. 15 in the modern brick structure, just completed at 4652 Voltaire St., the first to be built under the new Mission Bay Development project, a new business will start which will fill a long felt need and will be the first and only one of its kind in San Diego and vicinity.

The co-owners and operators are F. W. McArthur and Capt. F. R. Kelso, Army Air Forces pilot, retired, each having many years of actual, varied experience, equipping them with ample knowledge which will enable them to give the public the best possible service in their new business venture.

The new shop will have its own exclusive machine shop where parts can be manufactured, making it possible to complete jobs, without the delay of sending out of town for parts which might not be available.

The new shop has been completely equipped and stocked at considerable expense, and the men will be able to do any kind of electrical job including armature and motor re-winding, in which they specialize, and they will be authorized to stamp each complete, rebuilt motor job, with the original factory guarantee, exactly as if it were a new motor. Also, because they have their own machine shop where parts can be quickly made, they will be able to offer fast service on all household appliances, including mixers, washers, irons, mangles sweepers etc. The shop also will stock and sell household electrical appliances.

This modern brick structure, streamlined and completely fireproof, will be illuminated with fluorescent lighting and is a creditable addition to the Voltaire St. business district. Harry Williams was the contractor. The building is constructed in such a manner that it can be added to, or a second or third story be added as the need for expansion arises.

McArthur, World War I veteran was a sergeant in the British army, and has the British Military medal, second highest medal given by the British Army. He came to the U. S. in 1923 and went to work for Curtis-Wright Aircraft in Buffalo, N. Y., and was there for 12 years. A licensed aircraft mechanic, he spent 4½ years as inspector supervisor at Consolidated Aircraft, also a short time in the experimental room at Ryan's working on the new Jet F. R. 1. His desired to go into business for himself led eventually to the co-partnership with Capt. Kelso.

Capt. Kelso lives at 4615 Coronado Ave. Mrs. Kelso passed away last June. Ocean Beach has been his home for many years. Graduating from high school at the age of 14, he entered the Marine service three years later, making a cruise around the world with the U. S. battle fleet, and seeing active service in Haiti, Nicaragua, Panama and Mexico. He enlisted in the Royal Flying Force, Montreal, Canada in 1916, received his Acehood in France in 1917 and was a combat pilot until the end of the war. Capt. Kelso was decorated on three occasions and discharged with a commendable war record, receiving the Military Cross and Croix de Guerre and Palm in lieu of a second decoration. Having 6000 hours of flying time to his credit, he went to work for Consolidated, in 1936, as inspector and inspector supervisor for 6½ years.

Called back to active service in the Air Force in 1942, he was placed in command of a Squadron Air Transport command, operating a Pacific Transport service. Between the years 1942 and 1945 he supervised more than 2000 Trans-Pacific crossings without losing a single plane.

In 1943 Capt. Kelso completed a six-weeks course of military and physical instruction at Army Air Force Officers training school in Miami Beach, Fla., fitting him to take over duties of Air Force maintenance.

Released from active military service Aug. 2, 1945, Capt. Kelso will now be free to devote all his time to his new business.

Kelso is a member of American Legion Aviators Post 350 at Los Angeles and has made application for transfer to the local post in Ocean Beach.

This war of vast distance and fast motion relies heavily on communications. Every move our forces make is planned and executed with the help of a vast communications network. Telephones and electronic equipment for this network are being made here at home for fighting use overseas; in factories that in peacetime would be producing civilian telephone equipment.

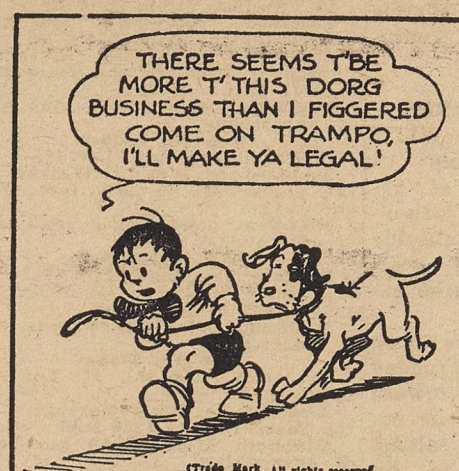

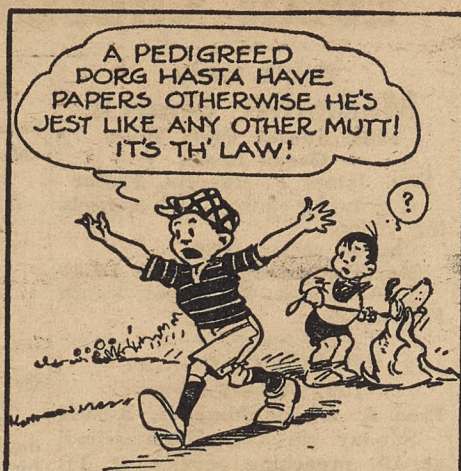

That explains why there is now a shortage here—and why you may have been asked to wait your turn for telephone service.

Until the peace is won on all fronts, war needs have first claim on telephone factories and manpower. Meanwhile, we appreciate the patience of those waiting for service, and we will do everything possible to shorten the delay.

County's Gross
1944-5 Tax Bill
Totalled \$13,103,090Property Tax Rate,
Same Year, Was
\$1.72 Per \$100

The gross property tax requirement of San Diego county government for 1944-45 totalled \$4,948,251, with an additional \$8,154,839 coming from surplus, subventions, and nontax revenues, to finance the county's gross expenditure program of \$13,103,090 for 1944-45, California Taxpayers' association said today, surveying the local budget and tax situation in California counties.

The general county property tax rate for 1944-45 was \$1.72 per \$100 of assessed valuation, with each cent of the tax rate meaning a levy of about \$30,285.

Any increase in the 1945-46 spending program, for which the county budget is now being prepared, will be reflected in the amount of property tax which will be levied, the association pointed out.

Most property owners pay local taxes for county, city, school, and special district governments. In weighing local budget proposals for 1945-46 the association recommended that citizens should keep in mind the following five factors for each local jurisdiction:

1. The governmental unit's spending program.
 2. State and federal aids and subventions.
 3. The local property tax demand.
 4. Assessed valuation of property.
 5. Local property tax rates, both for the specific unit of government and for all the overlapping local subdivisions.
- "The most effective way to reduce the tax bill is by holding the first factor, the local government's spending program, to the lowest level consistent with good and efficient government," the association declared.

Last week we had six beautiful birthday cakes, two dozen cup cakes and 52 dozen cookies. Women of Ocean Beach will have to look to their laurels as Mission Beach is doing wonderful work. They sent wonderful cookies and a nice cake last week besides they are busy making Christmas tree decorations. The work can be taken home and worked on in your spare time. It is clean work and when Christmas comes and our boys at the front have their trees decorated by women at home you will feel a great satisfaction in knowing your hands made some of these decorations. Come up and see what you can do to help.

Don't forget the wash cloths. They are so desperately needed.

Miss Nye wishes me to thank all who have given books for the South Pacific and to tell you we want more as she now has a quota she can send each week.

Has anyone an electric fan they will donate to the recreation room that needs it badly.

All of you save string I am sure. If you have more than you need please tie the ends and make into balls for Red Cross. So much is needed by the boys going on furloughs that they cannot supply the need.

Several have phoned me they had saucers to donate for the succulent gardens but have not sent them in. Please call before Wednesday and I will send for them. Colored saucers are preferred but others will do.

Remember cookie day. This is a great day at the hospitals.

The following letter came for all the ladies who helped on the altar cloths:

My dear Mrs. Pitcock:

"The women of the Chaplains' Service Corps wish to thank you for the linens you so beautifully made."

"We appreciate the time given so graciously to do this work for the Chaplains, and the men and women in the Armed Forces."

"We are indeed grateful."
Sincerely yours,
Myrtle V. Payson,
Corresponding Secretary.

Uncle Sam Gives
Better Terms On
ImprovementsExpenditures Up To
Five Times Now
Permitted

Those long deferred jobs of painting, repairing, improving, enlarging or modernizing of homes and many other properties are to be much simpler and easier to undertake from now on, under the relaxed regulations of government agencies governing priorities and financing.

Manager R. E. Reed of the Ocean Beach branch of the Bank of America has been notified that restrictions have been modified on such work, permitting expenditure up to about five times the former maximum amounts.

In the case of homes, where only \$200 worth of improvement was permitted formerly, the limit has been raised to \$1000 worth of materials, articles and services, without War Production Board approval or priorities. The relaxed rules now allow the installation of such additional articles as air conditioning systems, furnaces and heating units, lighting fixtures, plumbing and sanitary fixtures, water heaters and water pumps. Where the project is financed by the bank through an FHA Title I loan the repayment term has been extended to a maximum of 18 months on amounts up to \$1500; no down payment required.

The limit on property improvements on farms, hotels or apartment buildings, formerly \$1000, is now \$5000, and on factories the increase is from \$5000 to \$25,000. On projects to cost \$1501 to \$2500 the repayment term is up to 36 months.

Famed Fairy Castle
Lures Large Crowds

Colleen Moore's world-famed Doll House, which in reality is a fairy castle, went on exhibition this week at the corner of State and B Sts., in San Diego, attracting large crowds of adults and youngsters. It was generally agreed that "exquisite" is the only word adequately describing the miniature masterpiece.

This unique exhibit, sponsored by the San Diego Junior Chamber of Commerce, will be on display until Aug. 28. Under terms of the agreement whereby Miss Moore, one of the great stars of the silent screen, authorized the showing here, the proceeds will be turned over to the Boys' Club of San Diego.

Valued at nearly half a million dollars, the Doll House is a perfect replica of an enchanted castle transformed from fairyland to earth. Its spires and turrets stand 14 feet high; the elaborate layout contains 11 completely furnished rooms, a great entrance hall and a formal garden.

AMERICAN HEROES

by WOODY COWAN

WHO wouldn't buy War Bonds to support men like Pvt. Donald R. Lobaugh, Freeport, Pa.? With his platoon's withdrawal blocked by enemy machine guns, he advanced alone and freed it. Crawling close to the enemy position under heavy fire, he threw a hand grenade and then rushed the Nips, firing as he went. Struck time and again, he killed two of the enemy and forced the others to withdraw before his last fall. The Medal of Honor was awarded him posthumously.

HOW'S THE HEALTH OF YOUR HOUSE?

If your house is in the same war-worn state as millions of others, it will need a lot of doctoring. That may call for roofers, painters, carpenters, plumbers, or other experienced men in the building trades.

The first step is to decide what repairs or improvements your house requires. Then consult an architect or builder... or a contractor. Let him give you an estimate of the cost, then apply at the nearest branch of Bank of America for a convenient, low-cost FHA-Timplan loan.

The Government now permits loans without priorities for home repair, alteration, or improvement for as much as \$1,000 and allows 18 months to repay.

If your house needs a new lease on life, arrange a modernization loan at this bank.

Miss Corinne (Corky) Fadden, daughter of Mr. and Mrs. Ronald S. Fadden, 1801 Sunset Cliffs Blvd., returned home Saturday from a week's stay in Quintaro Hospital due to an infected wisdom tooth. Penicillin was administered every three hours to halt the infection. Miss Fadden, who is a student of the University of Oregon, says there are many more pleasant ways to spend a vacation from school.

Michael and Terry Macconnell of 2303 Seaside St., sons of Mr. and Mrs. H. E. Macconnell, entertained Sunday afternoon in honor of their birthdays. Michael was 9 years old July 27 and Terry was 7 years old August 7. Ten of their friends shared the large decorated cake and ice cream and played the usual party games. Present were Royce and Curtis Parker, Stephen Aldridge, Marilyn Jean Harris, Elizabeth and Linda Constantian, Harry and Jackie Falkenthal, Virginia and Tommy Green.

Corp. Walter F. Marshall, son of Mr. and Mrs. Walter Marshall of 4611 Saratoga Ave., pioneer family of Ocean Beach, arrived home last Wednesday. Walter received a medical discharge from the Army where he has spent the past two and one-half years in the Air Force. At the time of his discharge he was stationed at Peterson Field, Colorado Springs, Colo. He had not been home for two years. His mother announces that in September he will enroll again at State College, where before joining the Army he had been receiving his education.

Mr. and Mrs. H. B. Tank moved last week from 4931 Coronado Ave. to 4733 Pescadero Ave., having purchased the residence at the latter address.

Organization Of Jr. Woman's Club Under Way Here

Official appointment of Mrs. R. J. Long, as Junior Woman's club organizer for the Ocean Beach Woman's club recently announced by Mrs. C. W. Early, president, has brought an expression of delight from Mrs. Lawrence Lawson, Pacific Beach, newly elected president of the San Diego County Federation of Juniors—as well as the junior age group of young women in this section of the city who are anxious to become members. The plan is in keeping with the resolution of Mrs. Lawson to have a junior organization in every club in the county, also to further the continued growth and progress of the local club under the guidance of Mrs. Early.

The purpose of the Junior Woman's club will be to work harmoniously and constructively with the senior club and to affiliate with the California Federation of Junior Women's clubs. They aim also to undertake some one or more projects of civic, social, philanthropic or cultural interest in the community each club year. As a local organization the young club women plan to promote friendship, self assurance, develop club leadership and most of all serve as the best insurance policy for the senior club for the continuance of an active Woman's club in Ocean Beach.

The excellent record made by Mrs. Long as the leader of the Club's literature department for the past two years has brought

for her this advancement as a Junior Woman's club organizer, which has placed her in touch with Junior club leaders in the county and district, reports Mrs. Early.

Due to the increasing interest of Junior club age women since the announcement was made a definite date for the first meeting has been made known and will be held in the Ocean Beach Woman's clubhouse Monday, August 20, at 7:30 o'clock. The meeting which is open to all young women, married or single, between the ages of 18 and 30 will be followed by a social hour. Information regarding the temporary organization, which will be formed and presented to the senior group for ratification at the September meeting, may be had by calling Mrs. Long, telephone B-5940, announces Mrs. Early.

Robert Wood And Mary Garvin Wed At Groom's Home

Robert E. Wood of the U. S. Navy, son of Mr. and Mrs. By E. Wood of 4580 Narragansett Ave., and Miss Mary L. Garvin, daughter of Mrs. L. R. Garvin of Kansas City, Kan., were married Aug. 6 at the Wood home. The ceremony was performed by Rev. P. O. Jensen at 8 o'clock and the bride was given in marriage by her uncle, Marion Belt Sr., of Ocean Beach. The couple were attended by Mrs. Ralph Chase Hastings, sister of the groom, and Marion Belt Jr. of Ocean Beach as best man.

The bride wore a powder blue dress with white accessories adorned with white rosebuds and gardenia buds and her bouquet was pink rosebuds and gardenias. The matron of honor wore a chartreuse gown with white accessories and a gardenia corsage. Little Faith Belt in a dainty pink dress acted as ring bearer.

Home decorations for the event were dahlias, carnations, Amaranth and roses. Lighted candles were used on the mantle and throughout the rooms.

Following the ceremony, a buffet supper in honor of the couple was held for the 26 guests in the Wood home. The mother of the groom wore a soft grey dress with white accessories and white carnations.

Out-of-town guests were Mr. and Mrs. Ralph Chase Hastings of Oak Harbor, Wash., Henry J. Hastings U. S. Navy, Oakland, Calif., and Forrest H. Rawles, U. S. Navy from Virginia.

The couple took their wedding trip to Lake Cuyamaca.

DELORES BUSS MARRIES PFC. GEO. HENTZELL AT LOCAL CHURCH SUNDAY

The bride, a student at Point Loma high school, wore an aqua suit with a corsage of stephanotis and gardenia. She is a daughter of Mr. and Mrs. George Buss of 4758 Long Branch Ave. Her attendant, a sister, Mrs. Charlotte Anderson, wore a gold suit with a corsage of gardenias and stephanotis.
